

To Whom it may concern;

I am writing to you today to reject NAB's petition 04-160. We have 2 XM satellite radio's which we pay for because of the content and sound quality. I love the instant traffic and weather and do not think NAB should decide what I can and cannot listen too. I pay for these services and I love XM radio. I hope you will consider rejecting this NAB's petition 04-160.

Respectfully,  
Michelle L. Leeper
